

The Encyclopedia of Taiwan

台灣文獻叢刊

(Taiwan wen xian cong kan)

The most comprehensive historical resource for understanding Taiwan.

The result of 15 years' work by historians and scholars, The Encyclopedia of Taiwan includes abstracts and indexing from thousands of books and is the largest single database on Taiwanese history in the Chinese language. Based on the Taiwan Literature Series edited by former Dean of the National Taiwan University Law School Chou Hsien-Wen, it is the most heavily referenced database of its kind.

Greatman

Greatman Knowledge Management Group of Taiwan has been producing databases since 1997. Current offerings address the classics of Chinese culture, as well as resources specific to Taiwanese culture and history. Greatman databases are hosted in the United States by East View.
