

Universal Database of Online Publications from Ukraine

Exclusively at online.eastview.com, the **Universal Database of Ukrainian Publications (UDB-UKR)**. UDB-UKR offers full-text access to essential Ukrainian newspapers and journals in real time.

These titles, showing a wide spectrum of opinion from pro-Russian to nationalistic to pro-Western viewpoints, cover a broad range of political, economic, and cultural affairs from different regions of Ukraine.

Topics include:

- The positions of ruling and opposition political parties
- Organizational trends in development of the armed forces
- Ethnic relations
- Changes in legislation
- Economic and investment environment
- Ukrainian Book Chamber records, including detailed bibliographic descriptions

For those who want to research the history of the Ukrainian-Russian conflict, learn about the people who inspired the protesters at Euromaidan, read viewpoints from Crimea during the Russian annexation, and more, an archive of previous issues is available for most titles.
