

# *The 16<sup>th</sup> Century Russian Illustrated Chronicles (People's Edition)*

*Litsevoi letopisnyi svod XVI veka*

*The 16th Century Illustrated Chronicles* represent a monumental example of the art of book as practiced in medieval Russia. Its magnificence, antiquity and exceptional value place it among the most revered national relics. Because of its great size and the fact that its parts are divided amongst several libraries and museums of Russia, this unique manuscript has only been accessible to a limited circle of specialists and art historians.

This special edition of the *16th Century Illustrated Chronicles* published by AKTEON gives this manuscript its well-deserved place in the cultural heritage of the world. The beautifully published 40-volume facsimile edition is thematically divided into Parts 1, 2 and 3, containing multiple volumes. The entire set contains 10,000 manuscript pages and over 17,000 illustrations which make the text so remarkably attractive and decorative. Each page is a facsimile depiction of the original manuscript displayed at the 90% of the original size, supplemented by the modern Russian text on the margins. Each part, as well as each volume can be purchased separately.
