China Doctoral Dissertations

中国博士学位论文全文数据库

### CDMD-CDFD at a Glance

- Language:** Chinese
  - Interface:** English + Chinese
  - Abstracts:** English + Chinese
  - Archive:** 1984-present
  - Papers:** Nearly 450,000 doctoral dissertations
  - Updates:** Daily
  - Data Format:** Full text
  - Producer:** Tongfang Knowledge Network Ltd. (TKN)
- 
- Platform:** CNKI

**China Doctoral Dissertations (CDMD-CDFD)** full-text database provides an unparalleled look into the academic research of China's most prestigious institutions. CDMD-CDFD is the most comprehensive, highest quality database of dissertations from China, representing nearly 500 PhD-granting institutions, including the Chinese Academy of Sciences, the Chinese Academy of Social Sciences, and the Chinese Academy of Agriculture, among others.

CDMD-CDFD contains nearly 450,000 doctoral dissertations on a wide range of topics, including basic science, engineering and technology, agriculture, medicine, philosophy, and humanities and social sciences. Users can browse by subject or degree grantor, or search multiple fields in quick, basic, professional, fund or sentence search modes. CNKI's Knowledge Network Node, literature analysis and citation analysis tools offer extended information and discovery of related content.

# CDMD-CDFD China Doctoral Dissertations

## Content

- CDMD-CDFD contains nearly 450,000 doctoral dissertations from 497 PhD-granting institutions since 1984.
- CDMD-CDFD covers all areas of research and is organized into 10 subject series:

### Science and Technology Titles

**Series A:** Physics, Astronomy, Mathematics

**Series B:** Chemistry, Metallurgy

**Series C:** Industrial Technology & Engineering

**Series D:** Agriculture

**Series E:** Medicine/Health

**Series I:** Electronics/Information Science

### Social Science and Humanities Titles

**Series F:** Literature/History/Philosophy

**Series G:** Politics/Military Affairs/Law

**Series H:** Education/Social Sciences

**Series J:** Economy & Management

## Features and Functions

- Comprehensive coverage of Chinese dissertations, covering more than 99% of all degree grantors.
- Complete coverage of dissertations from “985 Project” and “211 Project” institutions, Chinese Academy of Sciences, Chinese Academy of Social Sciences, Chinese Academy of Agriculture, key state laboratories, etc.
- Exclusive or sole licenses by 241 PhD-granting institutions, 74% of the total in China.
- Systematic collection of scientific research findings from “863 Program” (National High-tech R&D Program), “973 Program” (National Basic Research Program), National Natural Science Foundation of China, and National Social Science Foundation of China, reflecting major achievements of national research programs.
- Reflects China’s latest research achievements; updated daily and published at the latest 1.5 months after degree awarding, which is more than 10 months earlier than other similar products.
- The only official full-text dissertations publication product with ISSN and CN codes.
- Browse content or search multiple fields in basic, advanced, cross-database and cross-title search modes.
- CNKI’s Knowledge Network Node, literature analysis and citation analysis tools offer extended information and discovery of related content.
- Read content online or download by page (CAJ), chapter (PDF), or entire book (CAJ and PDF).

**China Research Gateway (CRG)** presents the full spectrum of Chinese research, with exhaustive representation of STEM, social science, and humanities disciplines. Featuring an unparalleled breadth of sources, including scholarly journals, monographs, statistical publications, government documents, newspapers, dissertations, conference proceedings, patents, and many other content types, CRG offers a centralized means for discovery and access to this rich trove of research, specifically tailored to serve the needs of North American scholars and institutions.
