## OVERVIEW AND BACKGROUND

The 2014 Myanmar Population and Housing Census was conducted from March 29 to April 10, 2014. It was the nation's first census since 1983. Specialists from several countries and institutions provided administrative and technical input on the implementation of the census. The UNFPA and the governments of Australia, Finland, Germany, Italy, Norway, Sweden, Switzerland, the United Kingdom, and the United States provided financial, technical and logistical support. Throughout data collection, an independent Census Observation Mission observed the enumeration process in accessible areas across the country. Coverage was incomplete in northern parts of Rakhine State, a few areas in Kachin State, and in parts of Hpa Pun Township in Kayin State.
