

Arcanum Digitheca

Rich archive of historical content from Hungary

Arcanum Digitheca is a massive collection of the most important printed resources of Hungarian history from the late 18th century to present, including weekly and daily newspapers, scientific and professional journals, and encyclopedias and thematic book collections. Researchers of Hungarian history will find this resource invaluable with its deep access to press, cultural journals and related materials. Arcanum Digitheca contains more than 400 journals on subjects such as history, literature, art, pedagogy, law, engineering and medicine, and nearly 5 million pages of content from 262 daily and weekly newspaper titles from the past 150 years.
