

China Master's Theses

The most comprehensive database of theses from China

China Master's Theses (CDMD-CMFD) full-text database provides an unparalleled look into the academic research of China's most prestigious institutions. Offered via the China National Knowledge Infrastructure (CNKI) platform, CDMD-CMFD is the most comprehensive, highest quality database of master's theses from China, representing over 775 masters-granting institutions, including the Chinese Academy of Sciences, the Chinese Academy of Social Sciences, and the Chinese Academy of Agriculture, among others.

CDMD-CMFD contains over 4.4 million master's theses on a wide range of topics, including basic science, engineering and technology, agriculture, medicine, philosophy, and humanities and social sciences. Users can browse by subject or degree grantor, or search multiple fields in quick, basic, professional, fund or sentence search modes. CNKI's Knowledge Network Node, literature analysis and citation analysis tools offer extended information and discovery of related content.

Key Stats

- **Archive:** 1984-present
- **Language:** Chinese with English interface
- **Country:** China
- **Frequency:** Daily updates
- **Format:** Full text
- **Producer:** Tongfang Knowledge Network Ltd.
- **Platform:** CNKI (TKN)

About CDMD-CMFD

Content

CDMD-CMFD contains over 4.4 million master's theses from 778 masters-granting institutions since 1984.

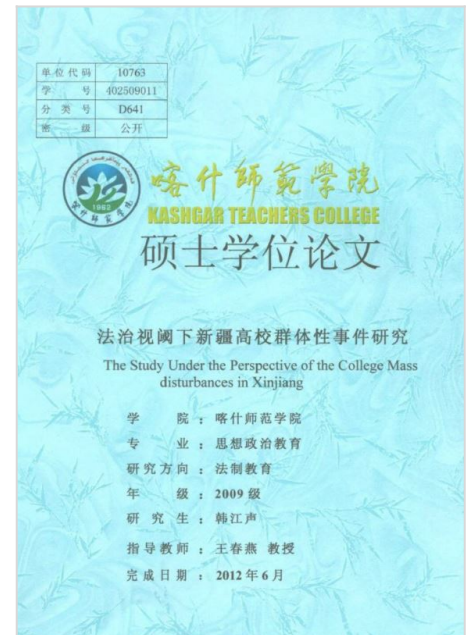

CDMD-CMFD covers all areas of research and is organized into 10 subject series:

Science and Technology Titles

- Physics/Astronomy/Mathematics (Series A)
- Chemistry/Metallurgy (Series B)
- Industrial Technology/Engineering (Series C)
- Agriculture (Series D)
- Medicine/Health (Series E)
- Electronics/Information Science (Series I)

Social Science and Humanities Titles

- Literature/History/Philosophy (Series F)
- Politics/Military Affairs/Law (Series G)
- Education/Social Sciences (Series H)
- Economics/Management (Series J)

Features and Functions

- Comprehensive coverage of Chinese master's theses, covering more than 99% of all degree grantors.
- Complete coverage of master's theses from "985 Project" and "211 Project" institutions, Chinese Academy of Sciences, Chinese Academy of Social Sciences, Chinese Academy of Agriculture, key state laboratories, etc.
- Exclusive or sole licenses by 373 masters-granting institutions, 54% of the total in China.
- Systematic collection of scientific research findings from "863 Program" (National High-tech R&D Program), "973 Program" (National Basic Research Program), National Natural Science Foundation of China, and National Social Science Foundation of China, reflecting major achievements of national research programs.
- Reflects China's latest research achievements; updated daily and published at the latest 1.5 months after degree awarding, which is more than 10 months earlier than other similar products.
- The only official full-text master's theses publication product with ISSN and CN codes.
- Browse content or search multiple fields in basic, advanced, cross-database and cross-title search modes.
- CNKI's Knowledge Network Node, literature analysis and citation analysis tools offer extended information and discovery of related content.
- Read content online or download by page (CAJ), chapter (PDF), or entire book (CAJ and PDF).
