

KODEKS: Russian Legislation

The largest electronic library of Russian legal information

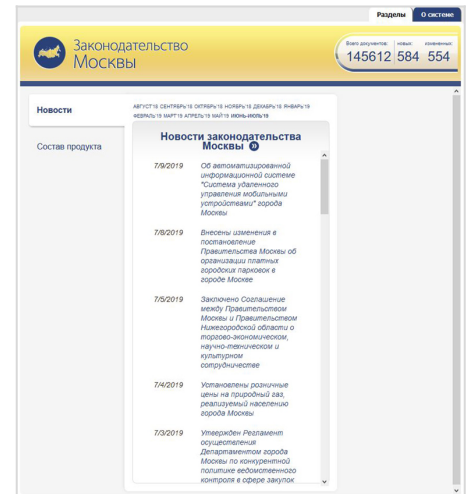

KODEKS is an online database of Russian legislation, international law, commentary and other materials, comprising hundreds of thousands of documents dating back to 1991. The database is updated daily with the latest legislative acts issued by approximately 200 executive, legislative and judicial authorities at the federal and regional levels in Russia. With KODEKS, access current legislation as well as original versions of amended laws. Search by issue or subject, sort and filter your results, and convert the data into Microsoft Word or Excel. All tables, figures, formulas, and geographical data found in the original legislation are included.
